General and Revenue Secretariat | File No 602 of 1928

Serial No

Letter No A 6 C 54/28-29 & 30 / 29/m
the Dy Comr Chittagong Divn

Request in the circumstances stated, the Executive Engr Town Planning Division may be instructed to start the Work in connection with the construction of an additional reservoir in the Hillyer Town at a net Cost of Rs 9,663/-

H

No C 88 A 1939-41/ HH 102-28-2 dt the 3rd Sept 1928 sanction was accorded to the construction of an additional reservoir for impounding the water supply to the Hillyer Town at a net cost of Rs 9,663/, the cost being borne equally by Govt and the Mul Council

From the Dy Comr's letter it is seen that the Hillyer Mul Council decided to pay up their share in two yearly instalments, and requested the Executive Engr Town Planning Dn to start the Work and complete it early But the latter officer seems to prefer starting the work unless the full amount of the share of the Council is placed at his disposal

The Mul Council are ready to pay Rs £ 191- instalment immediately and to pay up the balance after they get money from the Comptroller by the Sale of State Promise

To

R Pangaiao, Esq P A P L
General Secretary to Government
Bangalore

Sir

In forwarding herewith a copy of letter No 1161 dated 16th January 1929 from the Executive Engineer, Sanitary and Town Planning Division Bangalore about starting the works in connection with improving the Water Supply to Hiriyur Town, I have the honor to state that the Government have sanctioned the construction of an additional reservoir in the Hiriyur Town at a net cost of Rs 9,663/- the cost being borne equally by the Government and the Municipal Council (vide No L 1939-41/M1 102-28-2 dated 3rd September 1928).

The Municipal Council have resolved at their meeting held on the 16th September 1928 that the Municipal quota may be paid in two yearly instalments the first being paid this year out of the closing balance and the same was communicated to the Executive Engineer, Town Planning Division with a request that the work may be taken on hand and completed early

But that officer having replied that the work cannot be undertaken till the Municipal quota in full was placed at the disposal of his Department the Municipal Council resolved at their meeting held on 30th November 1928 that the other half also might be paid up as soon as the State Loan bonds held by the Council are disposed of by the Comptroller who had already been addressed in the matter The Executive Engineer who was again requested to take up the work pending disposal of the bonds, states in his reply dated 16th January 1929, that special orders of Government may be obtained in the matter

In these circumstances and in view of the fact that the Government grant made out of the current year's Budget towards this work will lapse if the work is not taken up at once I request that the Executive Engineer Town Planning Division may kindly be instructed to start the work pending the payment of the full contribution by the Municipal Council

Copies of the resolutions of the Municipal Council are enclosed for reference

I have the honor to be

S i r ,

Your most obedient servant

Deputy Commissioner

Chitaldrug District

Letter No 1161 dated, Bangalore 16th January 1929 from the Executive Engineer Sanitary and Town Planning Division BANGALORE to the Deputy Commissioner Chitaldrug District

With reference to your No A6 C 54 dated 10-1-1929 about starting the works in connection with improving the Water Supply to Hiriyur Town I have the honor to irform you that strict orders have been received from the Chief Engineer not to start such works till the full contribution is received, since we have had considerable trouble in recovering the balance due from certain Municipalities once the works were complete If however you desire me to start the work without waiting for payment of the full contribution, I would request you to obtain special orders of Government to do so
